The Secretary of State informs the Director of Central Intelligence that this Government has received an invitation from the Government of the Dominican Republic to participate in the Sixth Pan American Consultation on Cartography which is sponsored by the Commission on Cartography of the Pan American Institute of Geography and History, and which will be held under the auspices of the Government of the Dominican Republic. The Consultation will be held at Ciudad Trujillo from October 12 to 24, 1952.

The Department of State, in consultation with the United States Member on the Commission on Cartography and the Chairman of the National Advisory Committee to the United States Member, is formulating recommendations for a small official United States Delegation. In the event, however, that your Agency decides to send participants in a private capacity, the Department will be pleased to notify the host Government and the Commission of their expected attendance.

A similar letter has been addressed to the Secretary of Defense, the Secretary of Commerce, the Secretary of Interior, the President of the American Geographical Society and the President of the National Geographic Society.
